

SIA-licensed officers and K9 dog handlers.

Smart Route Systems Ltd is a London-based security company. We supply SIA-licensed officers, NASDU-certified K9 dog handlers, search dog teams, CCTV operators and close protection officers to security companies and to direct clients, for sites across England, Wales and Scotland.

Our services

Static guards

Offices, warehouses, construction and industrial sites.

Mobile patrols

Patrol visits, lock and unlock checks.

Search dogs

Drug and explosive detection dog teams.

Key holding & alarm response

We hold your keys and attend alarms 24/7.

Close protection

SIA CP officers for executives, VIPs and travel.

Retail guards

Visible SIA officers for shops and busy periods.

K9 dog handlers

NASDU-certified handlers for large or empty sites.

Event security

SIA officers and door supervisors for events and venues.

CCTV operators

SIA-licensed operators for control rooms and sites.

Vacant property security

Guarding and inspections of empty buildings.

Free site security survey – in person or by video call, no obligation. · **We reply within 1 hour, 24/7.**

For security companies

- ✓ Extra officers and K9 units when you win more work than you can staff
- ✓ Nights, weekends, overflow and short-notice sickness cover
- ✓ We work to your procedures and your client's site rules
- ✓ Clear timesheets and shift reports for your billing

For direct clients

- ✓ 24/7 control room supporting every shift
- ✓ Quick answers and clear shift reports
- ✓ The same officers on your site where possible
- ✓ Short-term, emergency and long-term cover
- ✓ A named account manager for your sites

How we work

- ✓ Every officer holds a valid SIA licence and is checked before deployment
- ✓ 24/7 control room: book on and off every shift, hourly welfare checks, out-of-hours line
- ✓ K9 handlers are NASDU-certified
- ✓ Fully insured, with certificates available on request
- ✓ Officers follow the site instructions and report incidents the same shift
- ✓ Accurate timesheets and shift reports with every invoice
