

Your extra team when you win more than you can staff.

Smart Route Systems Ltd supplies SIA-licensed security officers, NASDU-certified K9 dog handlers, CCTV operators, close protection officers and search dog teams to other security companies. We cover nights, weekends, overflow and short-notice gaps, working to your procedures and your client's site rules, under your name.

3,100+

hours delivered for one security company in a single month

17

sites covered at the same time for one partner

24/7

continuous single-officer and day/night sites

**England,
Wales
& Scotland**

sites across Great Britain

What we supply

Static security officers

Warehouses, distribution depots, construction, industrial and office sites. Access control, patrols, logs and clean handovers.

K9 dog handlers

NASDU-certified handlers with trained dogs for large, open and empty sites, mainly nights and weekends.

Retail security officers

Visible SIA officers for stores and depots, peak periods and staff support.

Mobile patrols & vacant property

Patrol visits, lock/unlock checks, guarding and inspections of empty buildings.

CCTV operators

SIA CCTV-licensed operators for control rooms, monitoring centres and sites.

Close protection officers

SIA CP-licensed officers for executives, VIPs, events and travel.

Search dogs

Drug and explosive detection dog teams for events, venues and sites.

Event security & key holding

Door supervisors and event officers; key holding with 24/7 alarm response.

Sites we cover across England, Wales and Scotland: distribution depots, construction sites, industrial units, education and residential buildings, retail, events and vacant properties.

Why security companies use us

- ✓ **Fast cover:** short-notice and same-week starts
- ✓ **Your brand, your client:** we work under your name and procedures
- ✓ **We never approach your clients**
- ✓ **Flexible:** one shift, one site, or a full regional contract
- ✓ **Clean paperwork:** exact hours, timesheets per site, no rounding
- ✓ **24/7 control room:** book on/off, hourly welfare checks, out-of-hours line
- ✓ **Reliable officers:** late book-ons and no-shows managed by us
- ✓ **Simple billing:** monthly invoice with timesheets attached

How a subcontract works with us

1. You send the requirement

Site, postcode, dates, shift times, service type (static, retail, mobile, K9, CCTV, CP, events or search dogs) and site instructions.

2. We confirm and deploy

We confirm officers and send their SIA licence details before the first shift.

3. On site

Officers follow your assignment instructions, book on and off with your control and our 24/7 control room, keep logs and report incidents the same shift.

4. Timesheets & invoice

Exact hours per site and per shift, contracted hours shown, one monthly invoice with timesheets.

Officer standards

- ✓ Every officer holds a valid SIA licence, checked on the SIA register before deployment
- ✓ Right-to-work and identity checks completed for every officer
- ✓ K9 handlers hold NASDU certification; SRS also holds a NASDU company certificate
- ✓ Professional conduct, punctuality and respect for the client's site
- ✓ Every shift supported by our 24/7 control room with hourly welfare checks, including lone workers

Compliance documents available on request

- ✓ Health & Safety Policy
- ✓ Site risk assessments
- ✓ Drug & Alcohol Policy
- ✓ Mental Health & Fatigue Policy
- ✓ Training matrix and refresher training schedule
- ✓ Toolbox talks
- ✓ Client / contractor H&S liaison procedure
- ✓ Insurance certificates
